

## STOKES TAKES COMMAND IN RUHR VALLEY

**NEGRESS ADMITS PERJURY ON STAND IN STOKES TRIAL**  
HAD TESTIFIED SHE SAW DEFENDANT IN MAN'S APARTMENT.  
**OTHERS VERIFY**  
Further Revelations Are Expected as Divorce Case Progresses.

**BULLETIN.**  
New York.—Mrs. Rose Nell Miller, a negress of Chicago, who was the principal witness for the plaintiff yesterday in the divorce suit of W. D. Stokes, wealthy hotel owner, against Mrs. Helen Elwood Stokes, today admitted, under cross examination, that she had committed deliberate perjury in answering questions about her past.

[BY ASSOCIATED PRESS]  
The prediction of sensations freely made by both sides, the second day of the trial of the divorce suit of W. D. Stokes, wealthy hotel owner, against his wife, Mrs. Helen Elwood Stokes, was watched with interest in New York today.

The most important witness yesterday was Nell Rose Miller, Chicago negress, who swore she saw Mrs. Stokes in the New York apartment of Edgar T. Wallace, principal co-defendant in the first Stokes trial, a half dozen times between June, 1917, and January, 1918, when she brought food to them.

**Saw Her in West.**  
The first witness in the new trial was Mrs. Alice S. Miller of Kansas City, Mo., a distant relative of Wallace, who said she saw Mrs. Stokes, then Mrs. Helen Elwood, in 1904 in Funston, Mo., in company with Wallace and a Clarence McCormick.

She was corroborated by Miss Catherine Kramer of Funston, who added that Mrs. Stokes was a guest at the home of Wallace. Under cross examination, Miss Kramer admitted she came to testify principally because of a desire to see New York.

**Quarrel in Alleged.**  
Max D. Steur, counsel for Stokes, asserted in his opening address that the alleged Mrs. Stokes, who testified the "private rendezvous" maintained in an apartment by Wallace and "some officials of the Interborough Rapid Transit company" for the purpose of staging parties. There was a quarrel, he said, over a woman, after which Wallace moved to the apartment in New York. Miller testified she saw Mrs. Stokes.

**SAYS BROKER WON \$22,500 ON '19 SERIES**  
[BY ASSOCIATED PRESS]  
New York.—E. M. Fuller, of the bankrupt brokerage firm of E. M. Fuller and company, won \$22,500 from him on the third game of the 1919 world's series, Arnold Rothstein alleged, testified yesterday at the Fuller-Rothstein racket shop investigation. Rothstein, who has been ordered to answer further questions Monday, made this statement after William Chadbourne, attorney representing Fuller creditors, had sought to link the White Sox scandal with the Fuller case.

**TOWNSPEOPLE ROUT ROBBERS**  
[BY ASSOCIATED PRESS]  
Bismarck, N. D.—Bandits who attempted to rob the bank at Reese Glen, McLean county, last night, were routed by townspeople after a gunfight and were forced to flee amid a shower of bullets, according to reports received here. The robbers obtained some money, but the amount has not been determined.

**To Be Fashionable**  
is to do the thing in vogue at any particular time, when the fashion is to earn money with little cost and effort—now are very anxious to be stylish. Mrs. K. took inventory of her household furniture and decided she had several articles worth selling. She phoned the Ad girl at the Gazette and inserted the following ad:

**FOR SALE**—Sewing machine, \$15; sideboard, \$5; gas stove, \$5; leather chair, dining chair, \$15; rocking chair, \$2; commode, \$2; gas heater, \$2; floor bin, \$1; parlor chair, \$15; side rug, \$5. Phone—

Now, instead of moving this furniture, she will buy new because she sold everything with the exception of the sewing machine. For which she has two prospects. Her ad ran only three times, the cost was small, the return very satisfactory.

Have you tried the Want Ad Way? Now is the time to do the popular thing—advertise. The list of satisfied Want Advertisers is growing every day. Act quickly. Sell all the furniture you don't want. Let someone else know what you have.

**Phone Mary Brown, 2500**  
She will gladly help you word the ad that will sell your article.

### HEARING OF KLAN DRAGON POSTPONED UNTIL WEDNESDAY

Oklahoma City, Okla.—Preliminary hearing for M. C. Jewett, grand dragon of the Ku Klux Klan of the realm of Oklahoma, charged with riot, set for today in justice court, was postponed on agreement of counsel until tomorrow.

Jewett is the first officer of the secret organization to fall into the net spread by Governor J. C. Walton for those responsible for mob violence and masked depredations in the state.

Members of the state legislature, meanwhile, today are completing final arrangements for a special session Thursday which will bring to a climax Governor Walton's war on the Ku Klux Klan.

A similar delay of one day was also announced in the hearing of an injunction action brought by Governor J. C. Walton to prevent the state election board from continuing returns from last Tuesday's special election to the secretary of state.

The postponement of the injunction case was made necessary by a miracle in progress before Judge Tom C. Chambers, Sr., in district court.

**Big Fire in Providence**  
Providence, R. I.—Fire near the water front has destroyed a half dozen buildings this afternoon and is spreading. Buildings destroyed include the six-story brick Lewis building, occupied by John D. Fock, Inc., hay and grain dealers; a wooden storehouse occupied by the same firm; a two-story brick building, the Providence Coal company, that of the Eastern Coal company and several small structures.

**FOUR INJURED WHEN CAGE IN MINE DROPS**  
Decatur, Ill.—Four men were seriously injured when a cage in the shaft of the Decatur Coal company dropped more than 100 feet when a hoisting cable snapped.

**U. S. TO LOOK INTO STRIKE**  
Scranton, Pa.—A representative from the federal department of labor was expected here from Washington today to investigate the situation at the Hudson coal mines, where more than 19,000 men are on strike. The men walked out yesterday because of the failure of the company to accept several alleged grievances. Approximately 3,000 workers remained at work. The production loss is estimated at 30,000 tons daily.

His name is George "Pop" Aldridge of Perham, Minn. "Pop" according to Coach Noyes, is 37 years old and is one of the fastest men on the eleven, playing center.

This is his second year in the center position.

**Warrants Await Slayer's Husband**  
Chicago.—Detectives with warrants charging embezzlement, waited Tuesday for the Rev. Nicholas Strutsynsky, Greek Catholic priest of Ramsey, Pa., enroute here to assist his wife, held for grand jury action in connection with the death of Rev. Basil Stetsuk, who was shot and killed Sunday in the presence of the congregation of the Greek Catholic church of Michael The Archangel.

Father Strutsynsky was formerly pastor of St. Nicholas Greek Catholic church here and was succeeded by Father Stetsuk. Mrs. Strutsynsky originally told the police she had shot Stetsuk because he had accused her husband of misappropriation of church funds. Her husband is under indictment for embezzlement of \$50,000, which is said to be put into a church building fund according to the police. Friends of the slain pastor procured warrants and sent detectives to meet Father Strutsynsky.

"Did I for Maxey?" After a coroner's jury sitting in an undertaking room gathered with excited members of Father Stetsuk's

## CEREMONIES TO MARK OPENING OF EVANSVILLE ROAD

Celebrating the completion of the 10-mile Evansville-Janesville concrete highway, a project two years in construction, citizens of both cities will gather at the E. T. Fish farm near Layden at 3 p. m. Wednesday for dedication ceremonies and speeches formally opening the road to traffic.

Evansville is expected to send 50 cars and a large delegation to the half-way point where the ceremonies are to be held, and the Chamber of Commerce is making efforts to have a large turnout of Janesville people on hand.

**Form Near Hospital**  
The cars from both cities will form in parades, the Janesville delegation gathering on North Washington street just north of Mercy hospital for the start from here at 2:30 p. m. Every motorist who can possibly take part is urged to do so.

A short program has been arranged to be held on the fish farm with greetings from Janesville extended by City Manager Henry Traxler and Stephen Bolles, and from Evansville by Father William F. McDermott.

**Use Silver Spade**  
The silver spade used in the formalities attending the opening of concrete highways in Rock county will play a part in the Evansville-Janesville road dedication. County Highway Commissioner Charles E. Moore, who directed the spading of the entire stretch, will wield the spade.

Ribbons will be stretched across the highway by Eleanor Scott, Evansville, and Everett Scott, Janesville, and will be cut in two by H. B. Moseley, chairman of the Rock county highway committee.

**World Economic Meet Held Vain**  
President Coolidge Sees Little to be Gained by Conference.

[BY ASSOCIATED PRESS]  
Washington.—With the present condition of mind existing in Europe, President Coolidge sees little or nothing to be gained from an endeavor to hold a world economic conference.

The view of Mr. Coolidge is that it would be useless even to start in motion steps looking toward a conference until there were assurances that some success would attend the discussions.

European questions foremost in conflict in Europe are recognized by the president as of an economic nature but a number of them in his opinion are so closely allied with political considerations that a meeting of the representatives of the nations of the world would do little to remove the conflicts.

**Crude Oil Increased**  
Philadelphia.—One of Uncle Sam's fleetest fighting craft, the cruiser Marblehead, was to slip from the ways at Cramps shipyard at high tide today. She was to be sponsored by Mrs. Hannah Martin Evans, first gold star mother of Marblehead, Mass.

The Marblehead measures 555 feet in length, over all, and is 55 feet wide at load water line. It is now being built like a U. S. destroyer, except that it is seven times as large as the largest destroyer and equally as fast, its speed being more than 35 knots. Displacement is about 7,100 tons.

There are four propellers, driven by compound compound turbines which are capable of developing 100,000 shaft horsepower.

The main battery consists of twelve 6 inch, 53 calibre rapid fire guns. The secondary battery consists of two 3 inch, 50 calibre, anti-aircraft guns and two three pounders. Two trials and two twin above water torpedo mounts also are provided.

In addition to coast cruiser duty, the Marblehead is fitted for carrying and launching airplanes and will be up Joseph Barry, St. Paul, sailed on Saturday night, and two twin above water torpedo mounts also are provided.

## People Flee as Floods Imperil Southern Cities

[BY ASSOCIATED PRESS]  
Oklahoma City, Okla.—Oklahoma City's flood hazard hourly increased today as another rise, reported several miles above here in the North Canadian river swept down to augment the swollen stream which for three days has wreaked havoc in the lowlands. Scores of families have been driven from homes by the water, which stands 10 to 15 feet in some places; railroad service southward from Oklahoma City has been seriously hampered. Street car tracks and paving have been swept away.

**DOWN RED PLANS**  
One Big Union Fails to Find Friend; Delegate Is Unseated.

[BY ASSOCIATED PRESS]  
Portland, Ore.—The American Federation of Labor, in annual convention here, resumed today with delegates knowing exactly the strength of the conservative element because of the developments late yesterday when it came to grips with the radicals.

The latter were routed in the unseating of William Dunne, of Butte, Mont., for communist activities by the vote of 27,838 yes, to 130 no. When the "one big union" proposition for amalgamation of unions came up there was not a dissenting vote for this pet measure of the radical wing.

Another issue of a controversial nature—participation of the American Federation of Labor in politics—remained among matters to be disposed of when the convention resumed today.

The report of the resolutions committee, including denunciation of the Ku Klux Klan and the fascist movement, was approved before adjournment last night.

## Assailant of Woman Is Suicide

[BY ASSOCIATED PRESS]  
Laurium, N. D.—Mrs. Rosa May was shot and seriously injured at her farm home a few miles from here early today by Herman Brandt, who later shot and killed himself. The shooting is believed to have been the result of differences between the two, which existed for some time. Mrs. May was brought to a Grand Forks hospital in a critical condition.

## INVESTIGATION WILL REOPEN ON WEDNESDAY

Testimony in the inquest ordered by Coroner John H. Nelson and to blame for the death of Claude Gooden and injury to other workmen when the Saxo Brothers theater collapsed here on Sept. 18, will be resumed Wednesday morning in the municipal court here. The testimony of the contractor, T. S. Willis, several building experts and the engineers of the concern furnishing the steel plans and structural parts is expected to be heard.

Attorneys express an opinion that the hearing will take two more days before the jury is given opportunity to return a verdict.

## SUSPEND PUG FOR ONE YEAR

Trenton, N. J.—Mickey Walker, welterweight champion and his manager, Jack Buglar, today were suspended for one year by the state boxing commission, as a result of the unsatisfactory fight in Newark last night between Walker and Jimmy Jones, of Youngstown, O., the recognized title holder of New York.

## INDUSTRIAL CZAR ISSUES ULTIMATUM TO GOVERNMENT

**DRASTIC DEMANDS ARE MADE ON BERLIN BY MAGNATE.**  
**MEETS DE GOULTE**  
Action Follows Conference With French Chief in Duesseldorf.

[BY ASSOCIATED PRESS]  
Berlin.—Drastic demands were made of the German government today by the group of Ruhr industrialists headed by Hugo Stinnes, who recently were in consultation with General DeGoulte, French commander in chief at Duesseldorf.

Authority to continue negotiations with the occupying officials in the Ruhr was one demand.

Provisions for longer working hours for German workers was another.

The demands were handed to the government by Herr Stinnes. He asked an answer by noon today. A meeting of the cabinet took place under consideration this morning.

The industrialists also demanded compensation for the loss of the Ruhr since the beginning of the Ruhr occupation was for the forcibly levied coal tax (the Ruhr region), a guarantee that the future of the Ruhr region should be placed in their hands; preferential treatment for the Ruhr in supplies of raw materials and foodstuffs.

Underground, if the industrialists demands were granted, would be 8 1/2 hours and above ground 10 hours.

The industrialists also asked that the government's attitude would be toward the creation of a railway company in the occupied territory in which the Ruhr police and industry would participate.

# This is ARCOLA WEEK

See  
ARCOLA  
tonight!

Many Heating Contractors who display this sign are keeping their stores open evenings this week, so that husbands and wives can see Arcola together.

## But, only 18 homes in JANESVILLE can have ARCOLA

THIS SMALL number of ARCOLAS allotted to this city will be sold this week—ARCOLA WEEK. Because of the shortage of heating equipment, no more ARCOLAS will be available until Spring.

We have not advanced the price. While they last, you can buy ARCOLA at these low prices, \$180 to \$550, completely installed, depending on the number of rooms in your home.

Think what this means! An American Radiator in every room; no rooms too hot; no rooms too cold; every room evenly warmed. And if your home is not warmed by radiators, ARCOLA will cut your bill a third and pay for itself in the money you save.

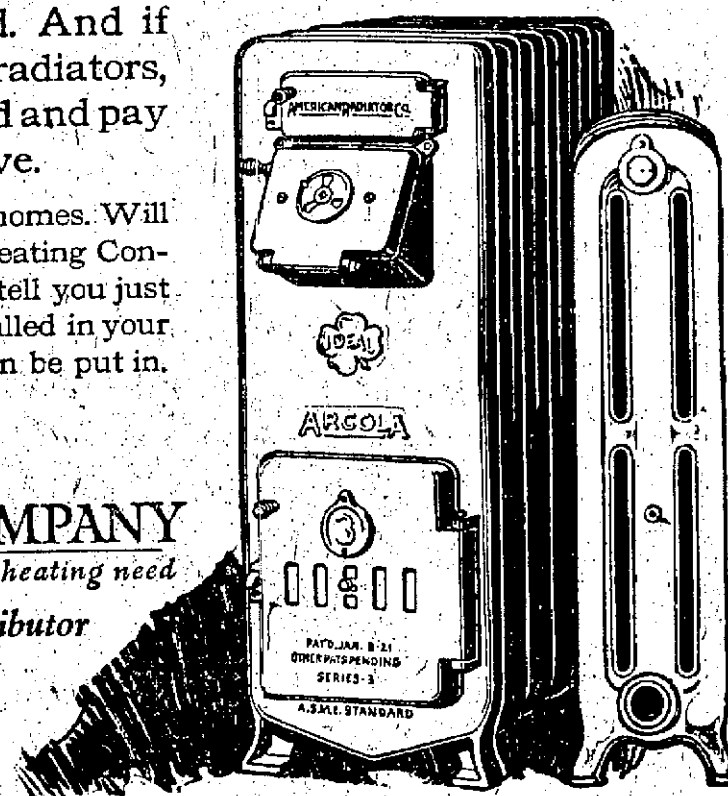

This is a great opportunity for a few homes. Will yours be one of the few? Go to your Heating Contractor today—or this evening; let him tell you just what ARCOLA will cost completely installed in your home, and how quickly and easily it can be put in. Go, before they're gone.

## NEW INVENTION IN PLANE WINGS CAUSE OF EXCESSIVE SPEED

St. Louis—Double camber wings,  
which increased the lower and  
upper lifting surfaces of the plane, en-  
abled the United States navy air-  
planes to fly more than four miles a minute in  
the Pulitzer speed event of the in-  
ternational air races here last Satur-  
day.

Commander Charles G. Landrum,  
U. S. Navy, in charge of the navy  
entrants, declared today.

Asked to explain why the Curtiss,  
racing planes, flown by the navy  
entrants, made much faster time  
than the same kind of machines  
flown by army aviators, Commander  
Landrum disclosed that double cam-  
ber wings, which were on both sides  
of the wings, which the army planes  
were not equipped with were re-  
sponsible for the feat.

He said the navy planes travelled  
as high as 100 miles per hour as a  
result of the wings, which, he  
added, were a new invention in air-  
plane construction.

The Misses Mary E. and Edna J.  
Jackman, 504 South Garfield avenue,  
Janesville, have sold their acre  
farm in the town of Monroe, Wis.,  
James Fullerton, who owns an ad-  
joining 120 acres. The consideration  
is said to have been about \$15,000.

The farm, which was dated at  
Monday, containing \$15 worth of  
United States revenue stamps.  
The sale was made by Henry F.  
Carpenter.

Eighty acres of this land was ob-  
tained in 1844 by Nathaniel Noyes  
Jackman, father of the Misses Jack-  
man, by government entry and has  
been held in the family ever since.

Mr. Jackman made their  
home on the farm until a few years  
ago, when they built a new home on  
Garfield avenue.

Nathaniel Noyes Jackman was a  
half brother of C. S. Jackman and  
a full brother of the late Mrs. Thomas  
Lapin. Part of this land was in-  
herited by the late Mrs. Lapin.

Mr. Jackman was one of  
Wisconsin's most celebrated wit-  
nesses, said lawyers as J. A. Sleeper,  
John R. Bennett, William H. Elliott,  
Charles H. Bennett and others, being  
one aide, and Matthew H. Carpenter,

**RESUME OIL QUIZ  
ON WEDNESDAY**  
[By Associated Press.]  
Madison—The investigation of the  
oil industry, as operated in Wiscon-  
sin, being conducted by Attorney  
General Herman L. Eberly, will be  
resumed Wednesday with the lib-  
erty of the manager, the attorney  
general's department announced today.

A preliminary inquiry was held the  
last week in September, with official  
of the Standard Oil company of In-  
diana testifying.

Adjustment was taken to obtain  
figures showing costs of production  
and distribution of gasoline in Wis-  
consin.

**VOICE OF THE PEOPLE**  
Editor Gazette:  
Representing some 20 of the em-  
ployed men who have approached me,  
I want to enter a protest here against  
the removal of the honor roll board  
in court house park until we have  
something definite to take its place in  
the form of a tablet or some other  
suitable memorial. I am willing to  
give my share and know of many  
others who feel the same, if some-  
thing is started toward getting a per-  
manent memorial.

We promised the boys everything  
when they went away, but haven't  
given them a thing since they returned.  
Now it is proposed to remove the  
only reminder we have that the boys  
served their country.

Let's keep the honor roll board in  
court house park a little longer.  
W. J. HILT.

**100 WAYS  
To Make Money**  
By BILLIE WINNER  
If I Could Retire Tires—  
I WOULD follow the example  
of a man I know. He set up  
in business in a little shop on  
a busy street, selling tires. He  
had a sign over his door that  
read "100 WAYS TO MAKE MONEY."  
Then he did what seemed to  
be the most important thing  
preparatory to opening a busi-  
ness. He signed a contract  
for classified advertising in the  
leading paper. These Want Ads  
brought him business. He paid  
for his equipment and bought  
more. A little later he bought  
still more equipment. Within  
several months he had a num-  
ber of men working for him.  
I could do the same thing in  
Janesville with the help of  
Janesville Gazette Want Ads.  
I wouldn't be slow about getting  
started, either.

## Rheumatism --Neuritis LEAVE YOU FOREVER

Mr. James H. Allen, suffered for  
years with rheumatism. Many times  
this terrible disease left him helpless  
and unable to work.

He finally decided, after years of  
ceaseless study, that no one can be  
free from rheumatism until the accu-  
mulated impurities, commonly called  
uric acid deposits, were dissolved in  
the joints and muscles and expelled  
from the body.

With this idea in mind he consult-  
ed physicians, made experiments and  
finally compounded a prescription  
that quickly and completely banished  
every sign and symptom of rheuma-  
tism from his system.

He freely gave his discovery to  
others who took it with what might  
be called marvelous success. After  
years of urging he decided to let his  
discoveries everywhere be known about his  
discovery through the newspapers.

He has therefore instructed druggists  
everywhere to dispense ALLEN'S  
with the understanding that he will  
freely return the purchase money on  
the first pill bottle in all who state  
they received no benefit.

# 1924 State Bowling Meet Here May Break All Records

Copyright 1920, by Geo. McManus

## Busy Man's Sport Page

By FRANK SINCLAIR

Brooklyn, N. Y.—What wonderful possibilities lie in Janesville's new river park? They are apparent to a number back there in the county seat of Rock, that is the writer they are more than ever. The other day, I called upon the Hudson river rivering friendship with old and familiar scenes. The Hudson river Washington docked for a few moments at Indian Point.

Two years ago, I was passed this spot. Then it was just wild, wooded hillsides. But now, it has been changed to a natural park open to the public, free. It is New York state's second Hudson river playground, attracting thousands.

OUR PARTY disembarked at Bear Mountain, another state park. I found some improvements were made, and as my thoughts traveled back to the Hudson river, it struck me what beauty there is in the water they are more than ever. The Hudson river rivering friendship with old and familiar scenes. The Hudson river Washington docked for a few moments at Indian Point.

Here's a way to make Janesville more of a playground and less of a playground.

With the Fighters—The scheduled 15 round bout between Bob Martin of New York, heavyweight champion of the A. E. P., and Martin Burke of New Orleans was scheduled in the 15th round by the referee and Burke was awarded the decision. Sidney Barabarian of Detroit outpointed Teddy Meyers of Detroit in a 12 round bout. The bout between Jimmy Jones, recognized in New York as a welterweight champion, and Mickey Walker, generally conceded the honor in other states, was ordered stopped at the end of the ninth by Chief Boxing Inspector Adams, who said neither fighter was making a real effort. Billy Wells, English welterweight champion, and Morris Schleifer, Omaha, fought a 10 round draw.

Previously a Wisconsin corporation, the American League Baseball Club of Chicago was incorporated in Illinois Monday with a capital stock of \$750,000, the incorporators being Charles A. Comiskey, J. Louis Comiskey and Harry H. Grabiner.

William B. McKeehan was signed Tuesday to manage the Pittsburgh Pirates for another year. The Pirates will train next spring at Paso Robles, Cal.

Chicago has been awarded the 1924 three-cushion billiard tournament.

Football claimed three victims Monday, Jack Trice, Cleveland, a sophomore in Iowa State college, dying in Ames, Ia., from injuries suffered in the Minnesota-AMES game Saturday. Price McLean, 20, center on the University of Kentucky football eleven, died as the result of injuries received in the University of Cincinnati game Saturday. Harry Clyde Brown, right end of the Presbyterian college football team, Clinton, S. C., died from injuries received in practice.

## 1,100 TEAMS SURE IF CITY ENTERS 600 IT PLEDGED

With Janesville having promised an entry of 600 teams, Secretary William F. Fensko, Milwaukee, is anticipating a record-breaking entrance of 1,100 teams in the twenty-second annual state tournament of the Wisconsin Bowling association, to be held on the new Grobe & Newman alleys in Janesville, starting Jan. 18, 1924. The largest tournament in the history of the association is predicted. A year ago at Green Bay, 940 teams were entered. Entries for the tournament will close at midnight Jan. 6 and by that time Janesville must have the names of 600 men—600 five-man teams—on the entry blanks, each man on the particular team he elects to roll upon and scheduled on a date that is convenient for him, says Dr. S. F. Richards in charge of arrangements locally.

**Ask Voluntary Entries**  
"The enrolling of the men and the setting of all as to dates and teams is a tremendous job," declared Dr. Richards Tuesday, "and it can be accomplished only with the help of every man in the city possessing any ability."

"The committee in charge of this phase of the work is hoping to get these 600 names by every mail delivery in the city. It would take a tremendous amount of time in helping to put over the tournament—to make a personal call upon 2,000 men. This tournament is a civic proposition and everyone interested in helping Janesville make a name for itself can do a large part in this affair by contributing his name and services to the work."

**Costs \$1.25 a Man**  
There will be an expense of \$1.25 connected with bowling for the state championship. The Janesville Bowling association must be held in order to qualify, which costs the bowler 50 cents. The bowler will be charged for the bowling done, will help send in their names at once," continued Dr. Richards. "The sooner the names are in the better off all concerned because the handling of 600 teams is no small work."

**Amateurs Are Welcomed**  
"It makes no difference whether or not you have ever bowled before," said Dr. Richards, "we want to see Janesville score big in making a success of the largest convention we have had the opportunity of contributing and we cannot afford to fail. All we want is 3,000 men who are strong enough to stand up and have two fingers on either hand. You will have lots of fun and pleasure in the games and will be doing your share in putting the city across on this proposition."

"Please send in your names—phone, call or card—to Dr. S. F. Richards, 212 West Milwaukee street, Janesville. You will be placed on teams and properly notified at the time the entries close."

"Send in your name NOW, please."

## SUPERIOR NORMAL WILL BE CONTENDER

(By Associated Press)  
Superior-normal normal is expected this year to again be one of the main contenders for championship honors. With a balanced team containing few outstanding stars, but with every man an experienced player and a lighter, followers of the Superior team are confident they will have a powerful scoring machine and a winner.

Following is the schedule of remaining games:  
Oct. 13—Oshkosh normal, at Superior.  
Oct. 20—Eau Claire normal, at Superior.  
Oct. 27—Marquette, Mich., normal, at Superior.  
Nov. 3—Stout Institute, at Menomonie.  
Nov. 10—St. Olaf college, at Superior.

## BRINGING UP FATHER

## League Champs Polish up for World's Series Opening of Wednesday

(By Associated Press)  
New York—Official announcement of the batting orders for Wednesday's opening game of the third successive all-New York world's series is expected into today.

The probable announcement will follow the final "polishing up" practice session this afternoon at the Yankee stadium and the Polo grounds. To these workouts, Managers McGraw and Huggins have summoned both the well and the injured or sick members of their squads and those in the latter classification will be called upon to throw their wares under the watchful eyes of the rival managers and the club physician, to establish their fitness or unfitness to play.

**Several Chatterboxes**  
The majority was present at yesterday's practice, when the Giants tested out the Yankee stadium while the Yankees scamped about the Polo grounds, but several of their number, Wally Pipp, the Yankee first sacker, and Bob Meusel, the Yankee outfielder, had injured ankles; Pep Koebs, the Giant outfielder, and Jack Scott, Giant pitcher, who have been suffering from heavy colds, look things much easier than will be possible.

Smashing the wood for three straight wins over the trailing Balboas, the De Soto climbed into a tie for first place in the Knights of Columbus bowling league, Monday night, sharing the loop honors with the Carrolls who were able to take out two from the Salvadors. The leaders are now closely bunched with every team still having a chance for the prizes.

The Jellies took two from the Marquette in the Marquette game with the Cortez and Columbus defeated the LaSalle two. In the sixth game, the Santa Marias captured three from the Pintas. Father Ulrich was high individual for the night's entertainment, turning in a 213, while De Bruin was second with 201. For three games, Father Ulrich also captured the honors with a 541 (173-212-156). The La Salle bowled 225 for high single game team while the Hunnepps counted 2,269 for high three.

## Welterweight Pugs Stall; Crippled Tots Will Get Big Funds

Newark, N. J., Elizabeth, N. J., will have a new home for crippled children because Jimmy Jones, welterweight champion of the world in the state of New York, and Mickey Walker, welterweight champion of the world outside New York "didn't try" in their bout last night.

More than 22,000 fans were present, according to official figures, and \$25,000 was taken for advance sales alone.

Soon after the fight started the cry of "stalling" was taken up by the crowd, and in the ninth round Chief Boxing Commissioner Adams called a halt. No decision was given. The bout was scheduled for 12 rounds. The prospects were ordered given to the Elizabeth cause after the match had been declared "no contest."

## CENTER SINGLE MEN. VICTORIOUS, 6-5

The Center single men defeated the Center married men Sunday 6 to 5 at the picnic given by the Ladies' Aid of the Lutheran church of Center. The game went 10 innings, Ed Roehl counting out a home run in the last half of the tenth, winning the game. V. Jaeger and E. Roehl worked for the single men and P. Wilke and Stearns were the battery for the marrieds.

## EDGERTON HALFBACK IS RECOVERING

Thorwald Gunnar, Edgerton, halfback, is recovering from injuries sustained in the game with Central high school at Madison Saturday. It was at first believed his neck had been broken but an X-ray showed no evidences of a fracture.

## STRONG LINE ESSENTIAL

Copyright, 1923, Sol Metzger.  
Which team is stronger, the one with a strong backfield or the one with a strong line?

So open, so clear to view to the spectator, is the play of the backs in a football game that the great bulk of football supporters and many coaches are of the belief that the eleven which has a fine set of backs can defeat the team with splendid forwards. It has rarely proved so. In fact, everyone will have a good chance to see the value of a good line and a great backfield this fall when Harvard gets to its big games. The Crimson will have a splendid forward line but will be lacking in experienced backs. Fans will likely find that Harvard will be able to put up a fine brand of football, and the reason is clear.

There are seven men on the line of scrimmage and four in the backfield. It is apparent that seven-eighths of the personnel of a football team is on the line. The full value of a good line is not limited to this number, superiority entirely. One has to go a bit farther to find wherein its value really exists.

No fine backfield can make ground consistently when its forwards are being outplayed. A mediocre backfield can and does make ground consistently when its line is outplaying the forwards of the opposition. In the first instance the runners are tackled on or behind the line of scrimmage; in the second the runners get beyond the line of scrimmage. They gain ground because there is no player to stop them. That is as plain as the nose on your face, if you just have someone tell you about it.

The ideal combination in football is one with a fine set of forwards and a group of hard-driving backs. This latter will make his gains because they will be able to get by the line without obstruction and then gain more ground than weak backs. Good backs are fast, hard drivers because players of this type carry forward after being tackled. A yard or two thus gained on every tackle adds a hundred or so yards gained to the game.

## DALTON'S PASSES WIN FOR DIXON

The Dixon Legion eleven with whom Maurice Dalton is playing as left half, defeated the Rockford Gophers Sunday 6-0. Dalton threw three forward passes, one for 40 yards, which brought the ball to the one yard line. Vaughn made the touchdown.

## A Triumph of Gazette Merchandising

Here's the confidence a  
\$60,000,000 Business Has in the Gazette

"WE SELECTED Janesville as the first city, not only in Wisconsin, but in the United States to carry the special advertising campaign on Eline's Chocolate bars which started in your issue of Monday, October 8th, because we knew that we could absolutely count on co-operation from your merchandising department, because the field you cover is a diversified and representative one and because you publish a thoroughly modern, up-to-the-minute newspaper, which is read and believed and

which can get quick action for any advertiser. "Our judgment has been absolutely vindicated, you did give us co-operation—full 100 per cent—and the result was distribution on Eline's Chocolate Bars through 87 retail outlets, 72 window displays, an unusual line of connect ups through your local, display and classified departments. We know that thousands of the coupons printed in our full page advertisement will be redeemed and we confidently believe that there will be sold at retail during the next three weeks in Janesville more

than 50,000 Eline Chocolate Bars. We do not hesitate to say emphatically that this could not have been accomplished without Gazette co-operation.

"The Janesville Gazette is decidedly a credit to the city in which it is published and its power to create sales and business should be appreciated by local advertisers as much as it is appreciated among big national advertisers like Elines."

### GAZETTE FACTS

- 1 The Gazette Merchandising Service Department has studied its market—Janesville and Rock County—and has published facts and figures about it in a book called "A RICH MARKET" which is furnished free of charge to any national advertiser or agency.
- 2 An exact analysis of Gazette Circulation has been made—and is constantly checked and corrected according to A. B. C. audits. These statistics enable the manufacturer to know the territory he covers when he buys advertising space in the Gazette.
- 3 In order that many manufacturers may have accurate information about their product in the local market, hundreds of investigations have been made by personal calls on the trade. The results of these investigations are tabulated—without color—and furnished the manufacturer.
- 4 To make intensive sales work easier and more efficient in Janesville and Gazette Territory, routed lists have been prepared covering every class of business. Maps and special lists are also furnished the salesmen of the advertiser.
- 5 As soon as a contract is placed with the Gazette, all of the trade interested in your product are notified by mail that it has been placed and its extent. This helps break down sales resistance for the manufacturer's salesmen.

Do you need more intensive merchandising behind your sales effort in the Janesville market? You can get it here. Hundreds of the largest advertisers use the Gazette advertising columns regularly and are unanimous in stating that they get more and better co-operation here than in most markets and their sales here show the difference between weak, ineffectual efforts they get elsewhere and aggressive, intelligent merchandising helps that are planned and executed by men who know how on the Janesville Gazette.

# ELINE'S

MILWAUKEE

- 6 The Gazette Merchandising Service Department will arrange for demonstrations of your products; will schedule and manage window display campaigns; and will secure displays in the dealers' stores.
- 7 When a manufacturer places a non-cancellable contract for advertising with the Gazette of sufficient magnitude to establish his product in this market—a member of our Merchandising Service Department is assigned to work with the manufacturer's salesmen and to assist them in securing distribution and dealer cooperation.
- 8 Many small services are rendered by the Merchandising Service Department in addition to the larger ones outlined here. Broad-sides are prepared and mailed at a minor cost to the advertiser. The local display advertising department secures local connect-ups for national campaigns. Jobbing connections will be secured if desired. A large display window in Gazette building furnished free to advertisers for ten days to two weeks at start of campaign as tie-up.
- 9 The manufacturer is kept constantly advised of the progress of his campaign. His dealer distribution and consumer demand is frequently checked. A complete report is made and submitted of all cooperation rendered by the Merchandising Service Department and results secured at the end of the campaign.

Janesville is one of the major markets in Wisconsin, embracing twenty-eight cities and towns covered thoroughly by Gazette A. B. C. circulation. The diversified agricultural, dairy and manufacturing industries supply a buying power that is always responsive to Gazette advertising, and is always present, not being affected by changing conditions—there are no hard times in this market. Here then is a place for live advertisers to concentrate their efforts. The result will be results.
